

DECLARATION OF ROHS CONFORMITY

June 20th, 2006

To whom it may concern,

Wintecronics Ltd., hereby literally confirms that our standard product, model WGM-300, GPS Receiver, is fully compliant with EU Directive 2002/95/EC--RoHS (Restriction of Hazardous Substances.) This product with CE compliance made by Wintecronics Ltd will be compliant to RoHS after 1st July, 2006 in EU member states.

Content of Compliance

Lead

Mercury

Cadmium

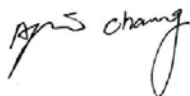

Hexavalent Chromium

Polybrominated Biphenyls (PBB)

Polybrominated Diphenyl Ethers (PBDE)

Compliance is evidenced by written declaration from our analysis, our suppliers, material certification, and/or lab testing results, indicating that any part of restricted substances used on the products are below the maximum level set by EU 2002/95/EC.

To declaration is only valid for products made by Wintecronics Ltd. We take the responsibility for any consequence that may occur in the occasion that any products do not comply with RoHS standard.

President of Wintecronics Ltd.
